We could become eligible for up to \$5 million in federal broadband funding by proving our need for better service. Please take the time to share what internet service is like at your residence by filling out this short survey. A link to the survey can be also be found on the Victor Township Facebook page or by taking a picture of the QR code above with your mobile device. Paper copies are available at the township hall and will be mailed with your tax bill. Please submit the survey by August 1<sup>st</sup>, 2021.

### **Planning Commission Member: Doug Marek**

*I have been a lifelong Victor Township resident. In 2016 I built my forever home next door to where I grew up, on property that has been in the family for over 100 years. After graduating from St Johns High School, I attended CMU and graduated with a Bachelor's degree in Mechanical and Electronic Engineering. A few short years after graduating college, I began my Entrepreneurial journey. I own multiple businesses, some of which include, construction, investment properties, and internet marketing and web development. I have several employees and contractors who work directly for my companies. My businesses are my passion, but I also enjoy traveling. Since I began to attend the township meetings several years ago, I've had the thought of serving Victor Township in some capacity one day. When I was recently approached to fill an open position on the Planning Commission, I was happy to accept it. I look forward to being a valuable asset to Victor Township and the Planning Commission team.*
